Received ..... Registered 29-6-45

From

Designation: Director of Industries and Commerce,

Station: Chepauk, Madras.

To

The Secretary to Government,

Development Department,

Madras.

Enclosures:

Ref No. H5- 1340-C/44 dated 27th June 1945.

Sir,

Sub: Education - Fisheries schools at Malpe and Bekal - Raising to Higher Elementary Grade - proposals.

The Yelur Mogavira Abhivridhi Sangam, Malpe, South Kanara petitioned me sometime ago requesting that the Fisheries Lower Elementary school at Malpe may be raised to Higher Elementary Grade as the students passing out of the Vth standard in the school, find it difficult to get admission in the nearest Board Higher Elementary school at Vatanapandeshwar which is a mile from Malpe. The Inspector of Fisheries, Mangalore has reported that the only Board Higher Elementary school at Vatanapandeshwar which has to serve the needs of two Higher Elementary schools in the locality refused to admit many fisher-children last year. The total number of children passing out of the Vth standard in 1944 from the Elementary schools in the area was over 140. A Fisheries Higher Elementary school at Malpe has according to the Inspector become a dire necessity and if VI-standard is opened at Malpe in next June a strength not less than 40-might be expected.

2. Malpe is a great Fishing centre, the greatest in the West Coast. As fishing is the main occupation of most of the classes, the imparting of Fisheries education to children will be a great stimulant for the rapid growth of the fishing industry. This kind of education is not imparted in other Higher Elementary schools. The Divisional Inspector of schools, Coimbatore who was consulted in the matter has granted permission to the opening of VI-standard in June 1945. Sufficient number of pupils are expected to join the class. The probable strength will be as follows:--

Standard I.	45.
" II.	53.
" III.	35.
" IV.	25.
" V.	21.
" VI.	20.

The present staff of six teachers will suffice for managing standard I to V. Since the ~~xxxxxxx~~ Headmaster is of Secondary grade, the additional teacher required is one of Higher Elementary grade from date of appointment to 31st March 1946.

BEKAL.

The Fisheries Elementary school here is situated in the centre of Bekal and Kotikulam. Since its taking over from the District Board in 1938, it has grown in strength and importance. The villagers are also taking keen interest in its progress. They have petitioned me for raising this school to a Higher Elementary Grade as the two Higher Elementary schools at Udma and Kanhangad where the children can continue their study are about 3 miles north and 9 miles south respectively to this school. The Divisional Inspector of Schools,

Coimbatore

Coimbatore has permitted the opening of VI-standard in the school from June 1945 itself. The probable strength of the classes will be as follows:-- A

Standard	I.	50.
"	II.	66.
"	III.	42.
"	IV.	25.
"	V.	17.
"	VI.	20.
	Total.	220.

The present staff of seven teachers can manage standards I to V. With Secondary Grade Headmaster in charge of Standard VI, the staff need be strengthened by the addition of only one teacher of Higher Elementary grade from date of appointment to 31st March 1946. The parents are extremely anxious to have standard VI- opened in the current year itself. It will be a great disappointment to them if the opening is deferred to next year. B2

The Assistant Director of Fisheries(Coast)recommends the opening of VI-standard in the schools at Malpe and Bekal from 2.7.1945 since in both the places pupils are awaiting admission without seeking it in other schools. The extra expenditure involved in regard to supply of furniture, apparatus and materials is estimated to be Rs.700/- for each school as per details below: B1

Furniture		Rs. 400/-
Apparatus and Materials.	...	" 200/-
Books	...	" 100/-
		Rs. 700/-

I request that these proposals may be treated as urgent schemes and sanctioned as early as possible as new classes have to be opened from 2.7.1945. It may be possible to meet the extra expenditure involved in the current year from the existing provision under 'F - Fisheries schools' and to get it regularized in the course of the year.

Education – Fisheries schools at Malpe and Bekal – Raising to Higher Elementary grade – Proposals.

CPO. 39208 Lis/45 pp. 1-2 CF. From the D. Dte., Rc. No. H.S. 1340-C/44, dt. 27.6.45.

The D. Dte. has submitted proposals for the opening of VI Standard in the Fisheries Schools at Malpe and Bekal in the West coast, in July 1945. The Divisional Inspector of Schools, Coimbatore, has permitted the opening of these higher standards in the two schools. It is proposed to employ an additional* teacher of the Higher Elementary Grade in each of the schools. The cost involved in the proposals is estimated at Rs. 1200 (recurring) p.a. and Rs. 1400/- non-recurring. Ordinarily, proposals of this kind are treated as Part II schemes – c/o Govt. Memo 1465-Dev. dated 31-3-44. However, in view of the urgency explained by the Dir. at pp. 2 the proposal to open the standards in the current year itself may perhaps be accepted.

pp. 1-2 CF.

'A' in pp. 1 & 2 CF

* Scale of pay: Rs. 23-2½-45.

Av. pay – 33 4/15 × 12 × 2 = 798 ✓

Dearness Allce @ Rs. 16/- = 384 ✓

1182 or Rs. 1200 roundly

(W)

(@ Rs. 70/- for each school)

A draft order is submitted for approval. It may be sent to Finance for acceptance.

As pointed out by Devt it should ordinarily be treated as a Part II scheme for 1946-7. In view of the urgency it is ~~to be treated as one of introducing~~ proposed to open the classes in the current year. This dept may ask Devt to circulate the case to Ag also before orders are issued. Subject to this remark, the draft order may be accepted and the case returned to Devt.
